City Zoo Sanctuary: Comprehensive Visitor Guide & Habitat Directory

Welcome to City Zoo Sanctuary, an accredited zoological park and botanical reserve dedicated to wildlife conservation, scientific research, and experiential education. Spanning over 120 acres of immersive botanical grounds, the sanctuary provides world-class care to more than 300 species from across the globe.

This guide contains everything you need to navigate our grounds, learn about our resident wildlife, and maximize your visit.

Park Hours & General Information

- **Daily Operating Hours:** 9:00 AM – 5:00 PM (Last admission at 4:00 PM)
- **Summer Extended Hours (June–August):** 9:00 AM – 7:00 PM (Last admission at 6:00 PM)
- **Location:** 1200 Sanctuary Parkway, Metro District
- **Guest Services & Lost and Found:** Main Entrance Plaza
- **First Aid Station:** Central Courtyard, adjacent to the Flamingo Lagoon

Habitat Zones & Highlights

1. The African Savannah

Spanning our southern sector, the Savannah recreates the open grasslands of Eastern and Southern Africa.

- **Key Species:** African Bush Elephant, Reticulated Giraffe, Plains Zebra, Lion, Cheetah, White Rhinoceros, and Meerkats.
- **Top Experience:** The Elevated Boardwalk offers eye-level views of the giraffe herd. Browse feeding platform times at the trailhead (nominal fee applies for browse treats).
- **Botanical Feature:** Native African grasses, drought-tolerant acacia trees, and mature baobabs.

2. Tropical Rainforest Canopy

Housed within a climate-controlled, multi-tier conservatory, this biome maintains constant humidity and lush foliage simulating equatorial rainforests.

- **Key Species:** Western Lowland Gorilla, Bornean Orangutan, Golden Lion Tamarin, Jaguar, Poison Dart Frogs, and free-flying birds including the Keel-billed Toucan and Scarlet Macaw.

- **Top Experience:** The Misting Suspension Bridge takes visitors into the mid-canopy layer where our primate species spend their mornings foraging.
- **Botanical Feature:** Bromeliads, giant philodendrons, towering ficus trees, and over 1,200 species of exotic orchids.

3. The Asian Highlands & Bamboo Forest

A tranquil, cooler habitat designed around running streams, rock formations, and dense bamboo groves.

- **Key Species:** Amur Tiger, Red Panda, Snow Leopard, Asian Elephant, Malayan Tapir, and Clouded Leopard.
- **Top Experience:** The Sunken Tiger Pavilion offers floor-to-ceiling glass viewing into the naturalistic swimming gorge.
- **Botanical Feature:** Clumping bamboo forests, Japanese maples, and stone-scaped moss gardens.

4. Australasia & Outback Trail

Explore the distinctive biodiversity of Australia, New Guinea, and nearby archipelagos.

- **Key Species:** Red Kangaroo, Koala, Southern Cassowary, Emu, Kookaburra, and Sugar Gliders.
- **Top Experience:** The Kangaroo Walkabout allows guests to walk directly along the unbarriered path alongside free-ranging red kangaroos and wallabies.
- **Botanical Feature:** Silver dollar gum eucalyptus groves, bottle brushes, and hardy desert ferns.

5. Coastal Shores & Aquatic Pavilion

Dedicated to marine and coastal ecosystems, featuring both above-water and sub-surface viewing galleries.

- **Key Species:** California Sea Lion, African Penguin, North American River Otter, Giant Pacific Octopus, and Green Sea Turtles.
- **Top Experience:** The Underwater Sea Lion Tunnel, offering 360-degree views of marine life in motion during daily enrichment sessions.
